What a Great Summer this has been!! We were able to attend the Manitowish Waters Boat and Car Show, Minocqua Boat Show, the Door County Maritime Museum Boat Show, and just completed our very own Pewaukee Boat Show. Still to come is the ACBS International Show in Alexandria Bay, NY and the Blackhawk Chapter Show in Lake Geneva. Look to this issue of our newsletter for stories and information about these shows.

Our Pewaukee Show was a Great Success with excellent weather and attendance. Our Friday night gathering was graciously hosted by **John and Amy Zea** with **Rick Buckley**, and crew, providing an awesome spread of food. Saturday saw many boats, cars and participants with the Grand Finale at the Pewaukee Yacht Club Awards Banquet. I thank all who lent their time, energy, and talents to help bring about a Memorable show.

We will have a very large presence at the ACBS International Show this year. Many of us will be making the Journey to Alexandria Bay. It should be another Great Event!! Hope you can join in on the fun.

Our Fall Banquet is rapidly approaching. Details are in the Newsletter. This is our Annual Membership Election Meeting and several positions will be open for nominations. I will be retiring from the Commodore position and **Bob Stoltz** will be assuming command of the Chapter. **Dan Holdmann** has thrown his hat in for the Vice-Commodore position, so his Director position is open for nomination. Mary Willis will be retiring from her Director position and that will also need to be filled. I believe, at this writing, that all other positions will remain filled with current board members. Nominations will be open during the meeting and members are encouraged to consider availing themselves. **Contact Bob Stoltz with your nominations.**

The Fall Banquet will be a plated affair, and not a buffet. Consequently, there will be "little wiggle room" for late reservations. Dinner selections will be per the individual choice, so if you do not **get your reservation into Nancy Feichtmeier** (Treasurer) before October 16, you risk being turned down and your check or other remittance will be returned to you. You still would be welcome to join the meeting after the dinner (about 7:30pm), but place settings in the banquet hall will be based on timely reservations. If the Chapter and this meeting are important to you, please do not procrastinate and make organizing this event more work than it already is. See the Newsletter for dinner choices and cut off time.

Our evening program during our Fall Banquet will be a trip down Memory Lane, **celebrating our 15th Anniversary** as an ACBS Chapter. Pictures and commentary will be presented in a slide presentation with comments from the membership. It should be fun and nostalgic and we remember shows and people we all knew and loved. Please submit any pictures (Jpeg, Please) you have to me for inclusion in the program and have some commentary ready to share with members. I will assemble a memory file. we haqve found someone who did drone videos this year. I think this will be fun and appropriate to celebrate our Anniversary.

2019 Pewaukee Antique & Classic Boat Show

**LOTS OF PUBLICITY...
BEAUTIFUL WEATHER...
LOTS OF FUN FOR ALL...**

A special thank you to **Nicole Eckert** for taking on publicity duties again for 2019. She was able to get pre-show publicity in The Waukesha Freeman, The Milwaukee Journal Sentinel's Lake Country "NOW" as well as in event listings in many publications. **Brian Kramp Real Milwaukee WITI-FOX 6** showed up at the Pewaukee Lakefront, Thursday morning, August 15. **Dave Buckley** brought "MISS CHIEF" his 1935 GarWood Speedster and gave Mr Kramp a *wild ride*. **Brian Irwin** brought his 1968 Yellow Jacket for the interviews. Kids Boat painting demos were provided by **Ellie Eckert, Eli, Bennet and Adley Holdmann**. The Wheelmen with their 1900's Big Wheel Bikes were there. Plein Air Artists **Abby Lorenz** and **Barbara Kelsey** were interviewed by **Brian Kramp**. **Reuben Kugel** brought his 1915 Model T Touring car. **Cliff Muehlenberg** took a ride in the Model T and talked about the closing ceremony. Out of the blue, Brian Kramp said "we need a chase boat to follow Dave and myself in the boat" **Brian Irwin** said, "I'll get one" About 25 minutes later, Brian shows up with a "bass boat" that the camera lady could jump on. It was pretty cool as David's boat is racing across the lake and Kramp is doing on the run interviews. Thank you to **Brian Irwin** for making things happen.

VOLUNTEER ROSTER-DISPLAYS-NAME TAGS

Thanks to **Linda Allen** for making calls for volunteers. She made it happen. She also worked all day at the docks and generated new revenues, surpassing last year by hundreds for The Honor Flight. No one does it better. A special thank you to **Mary Willis** for her making professional name tags for Friday and Saturday. She also made spread sheets for boat dock displays and detailed spread sheets to help with tabulations of winners.

FRIDAY AM SETUP-August 16 2019

No other show in the US puts in and takes out piers for a one day show.

Early Friday morning, the trailers started arriving. Glacier Lakes members brought three trailers with the piers. Everything was lined up along Wisconsin Ave. Safety precautions with warning barriers were put in place. Volunteers at each end of street directed traffic. The **Dawes Crane** arrived about 8:00AM. The piers were lifted off the trailers and set in the lake. The chapter crew linked the piers and connected the system into the **Pewaukee Ski Club** dock. **Summerset** arrived about 11AM to put in barges and install pipes with cables to anchor the boats. On Sunday morning, everything was done in reverse. There is no show in North America that brings in piers to put on a one day vintage boat show.

Door County Maritime Museum's 29th Annual Classic and Wooden Boat Festival

Story by Bill Freyman

Photos by Bill Freyman and Nicole Eckert

Door County was at its best for this year's Classic and Wooden Boat Festival at the Door County Maritime Museum in Sturgeon Bay. The event was blessed with terrific weather, large crowds, an exciting Sikaflex Challenge, and the largest turnout of boats in recent memory.

All in all, there were 54 registered boats ranging from a 6" beautifully crafted wooden skiff model to GLACBS members Lois and Bob Snyder's gorgeous 10' self-built Lawton Tender, to a 15' cedar strip Marsh Cat built by Rich and Sandra Dirks of Egg Harbor. Mark and Kimberly Porlier brought their fiberglass 1965 15' Powercat and a terrific collection of classic water skis, all of which generated a great deal of interest. There was an Amphicar, a nice selection of classic Chris Craft boats, Jeff and Renee Davey's beautiful 1949 Higgins Convertible, and Roberta and Rich Hegy's "Glen L," and many more. Everyone enjoyed the display of stunning canoes and kayaks, most built by their owners and one very unique boat, an owner modified 1941 steel lifeboat/pocket tug "Good News."

The Festival is more than a boat show, of course. Friday's pre-event Bay to Lake Lighthouse Cruise initially attracted 14 boats, but four were unable to attend. The remaining 10 had a great time though. Hoping that the morning's northwesterly breeze would settle down a bit, our fleet cruised to the Lake Michigan side first this year, leaving the Museum and cruising through downtown Sturgeon Bay, under the bridges, through the ship canal to the Coast Guard Station on the big lake. The water of Lake Michigan was flat, and once there, all of us had a chance to let the boats tear along. Seeing the boats out on big water at high speed was exciting. Following the high speed runs, we gathered briefly at the Station and paraded together back into the canal much to the delight of the coastguard, several of whom offered to trade their patrol boats for one or two of ours. (There were no takers) We finished the first half of the cruise with our annual stop at the Sturgeon Bay Yacht Club for lunch and a drink.

No event ever takes place exactly as planned. We were lucky to have Jeff Heffernan of Quarterdeck Media along for the cruise photographing the event with traditional cameras and a drone. Working from volunteer Steve Smith's fishing boat, Jeff and his wife followed our boats to Lake Michigan shooting some great video. The breeze from the northwest didn't help much, though, and just before we were to enter the ship canal, the drone snagged a tree limb and dropped into the bay. A prolonged search resulted in nothing but frustration. Even with snorkels and a mask, no one found the missing drone. We'll still enjoy plenty of their photos, however, and some video too, as Jake drove hours on Saturday morning to purchase another drone and lower resolution video that was streamed from the lost drone to Jake's phone may still be good enough to view.

After lunch, several of the boats were able to manage the moderate northwest breeze and make the journey out to Green Bay's Sherwood Point Lighthouse. Those of us who didn't brave the chop, toured the Green Bay side by visiting the Fincantieri shipyard from the water and venturing as far northwest toward the lighthouse as was prudent. Cruising the shore near Potawatomi State Park was fun even if we didn't reach the lighthouse.

Friday evening brought the traditional cocktail reception in the Bridge Room of the Museum provided by the Museum and its volunteers, an event which has become an important part of the boaters' experience at the Festival.

29th Annual Classic and Wooden Boat Festival**

The festival opened Saturday along with the adjacent street fest, Maritime on Madison. The activities mark the end of Maritime Week in Sturgeon Bay, a week dedicated to honoring the men and women of the US Coast Guard and the work they do to keep us safe and secure.

There was, as usual, a lot to see and do. There was the boat show, of course, with all the boats both ashore and in the water. The festival's BoatHouse sale of used nautical treasures was fun. A number of GLACBS members took advantage of the downtown location and did a bit of great shopping. The Coast Guard brought in a 45 footer for the public to tour, and in contrast to that there were Swan Paddle Boats for the public to use. Even our own Dan Holdmann was seen lounging in the rear of a Swan while his family slaved away at the pedals. They were actually buzzed by the Amphicar as it "drove" by out on the bay. Our chapter tent provided shade for those of us who brought boats to the show. Bob and Lois Snyder, Mark and Mary Willis, Jeff Davey and others made sure the public knew that GLACBS was present and involved by giving classic boat rides. They were great ambassadors for our organization.

Kids got to enjoy activities, too. There were sailboats or tugboats to paint, beanbags to toss, and prizes to win. Everyone got to enjoy the concession stand and the freshly caught and fried Door County Whitefish sandwiches. The only complaint about the food was that the Culvers ice cream servings were too big! Best to share with the crew. The Museum was open to the public and free to tour for registered boaters along with the Museum's 100-year-old tug, the "John Purves." Many of us enjoyed viewing the work of Plein Air painters at work on the grounds, the Coast Guard's Damage Control Simulator, and the Coast Guard Auxiliary's "Coastie," a tiny talking robotic tugboat.

And let's not forget the Sikaflex Challenge, a quick and dirty boatbuilding competition that began on Saturday with the boat building and ended on Sunday with the in-the-water time trials. It was a good year for drama, as many of the boats sank before they could finish, and to be truthful, one or two sank before they could even start! Will GLACBS ever chance an entry?

GLACBS members were honored by winning several of the festival's awards. **Jane Larson and Gary Berg's "Buster"** was recognized as Skippers' Choice 2019 Classic Outboard. **Bob and Lois Snyder's** 10' Lawson Tender won Skippers' Choice 2019 Non-Powered. **Jeff and Renee Davey's** Higgins, "Jeffery Dave" was recognized as Skippers' Choice 2019 Classic Inboard and Skippers' Choice Best of Show! Congratulations to them all!

Next year is the Door County Maritime Museum's 30th Annual Classic and Wooden Boat Festival. The anniversary year as one of Wisconsin's oldest classic boat shows will be special and the planning is already underway to make the **30th Festival an event to remember.** We plan to get the boats out on the water each day for the public to view and hope to work in a sunset cruise. It would be great to have a really large fleet of GLACBS boats in Sturgeon Bay next year, so mark your calendars now for August 7-9, 2020. Lodging is hard to find if you plan to come at the last minute. The show's website will have the latest news, so bookmark www.doorcountyclassicboatfestival.com and check in often. The information section contains links to housing, directions, and more.

4th Annual Antique & Classic Boat & Car Show Little Bohemia-Manitowish Waters. May 25, 2019

Story and photos by Roberta Hegy

Rich and I were fortunate enough to be able to spend the weekend in Manitowish Waters and attend the Annual Boat and Car Show held at Little Bohemia on Little Star Lake. The turnout was great and there were many cars, boats, motorcycles, and other interesting things including a gas powered pogo stick and a motorized walker. The weather was very nice for the Saturday show, albeit windy, keeping most boats on land. The show is sponsored by the Manitowish Waters Chamber of Commerce.

Rich and I especially love this area as it really show-cases what Northern Wisconsin is all about. Towering Pines, abundant Birch trees, and the famous lake chains providing a boater's paradise. We arrived on Thursday, before the show, hoping to get in some golf and boating. The weather wasn't the greatest until Saturday. We decided to take a ride across Northern Wisconsin to Hayward and see that Giant Cement Musky and the museum. Well worth the drive as the Musky was fun and the exhibits very interesting.

The show started at 9am on Saturday and lasted until 3pm. We arrived about 8:15am and met up with Rich Lepping, who was getting the Silver Arrow ready for the show. We later met up with Beth Lepping, Marc Toigo (who brought his re-constructed Schwister Craft), Cyndi and Andy McCormick, and Steve Bunda. Dan Holdmann and Family were also there from Glacier Lakes as well as other Glacier Lakes members. Little Bohemia provided food and drink items and "Brett and Fitz" provided the live music during the show. Several Glacier Lakes members were awarded trophies for various categories of boats. Rich and I received the "Captain's Choice" award for the Torpedo.

This is a really great show and remains high on our "Must Do" list for boating events. All the boats, cars, motorcycles, and other exhibits are fun to see, not to mention seeing old friends and meeting new ones. This area is extra special with the history, beautiful scenery, many nice restaurants, and a fabulous Ten Lake Chain to explore. There are many resorts on the chain at which to stay. Plan on some extra time in the area to really enjoy all what there is and place this event on your list for next year.

Good Medicine at Medicine Lake!

Story and pictures By Mary Willis

The Vintage Boat Rendezvous hosted by Pike's Pine Isle Lodge was held the weekend of August 24th and 25th. On Saturday the boats were on display in water, on land, and the AmphiCar which did both. The Pike's put together a fantastic event with food, drinks and music at their Pine Isle Lodge. Overlooking the vintage boats, scenic Medicine Lake and good company makes this one of the best events of the season. We launched the boat on Saturday morning around 9 a.m. (not too early). Met up with some other Glacier Lakes members, John Baumann, Jim and Janet Ruwaldt, Todd Schultz, Jane Adams and Mark Walters for the ride to Pine Isle Lodge. The day was cool and partly sunny with calm winds.

The event is from about noon – 4 p.m. A good crowd came out to see the boats. It's a family and pet-friendly atmosphere. Many of the boats are local to the Three Lakes area, often not seen outside of this area. Some familiar faces were at the Pine Isle Lodge, Bob and Ann Kuntzsch, Karl Koenig, Pat and Cici Kiefer and new-to-Wisconsin life Jim Staib. I'm sure I forgot a few names!

We all departed about 4 p.m. for a couple hours of boating!

Sunday, Pike's continue the rendezvous with a brunch and boat parade. For us, we were packed for our return trip home. But not before we watched the parade depart.

They are planning on the third annual event being the weekend before Labor Day – August 29th and 30th. We're planning on being there!

Sinking Bloodless?

By Bill Nimke, President and Founder All Hands Boatworks, Inc.

This summer, All Hands Boatworks celebrated their launching of "Sinking Bloodless," a 15' Bluegill skiff built by a group of math students at the Kradwell School at AHB shop over the past school year. Here are some pictures from the summer beautiful launch.

FYI - Sinking Bloodless? The boys in the class were a little concerned that the boat they built would sink. And Kradwell teacher Deb Pietsch routinely reminded her students that they better work safely and not shed a drop of blood on the boat.

Thank you, Kradwell School, for another great year with your students! And thanks for displaying the new skiff in the front of the school this summer for others to admire.

Congratulations and huzzahs! to volunteer instructors Paul Bargren, Erik Andersen, and Steve Robertson for their dedication to the Kradwell students and the bluegill project over the past school year!
