This summer certainly flew by. Hope everyone had a chance to go boating and attend a boat show or two.

I want to thank all of you who attended, volunteered or exhibited a boat at one of our many shows. Your participation makes these shows successful. We couldn't do it without all of you.

The Madison show had great weather, while the Pewaukee show had a bit of rain this year. The rain did keep a few people home. Yet our beer sales were greater than other years. The beer tent was very popular!

The Milwaukee Masterpiece was another success! Everyone enjoyed learning about our boats, and we certainly enjoyed talking about them. It was great to see some of our Chapter members attending the show. The show had some amazing cars on display both days.

I was very pleased how well our 1969 Century Arabian "River's Ride" ran. We spent three days on Shawano Lake boating and water skiing with it. My plan is to refinish it this winter, and get it show ready. We're looking forward to bringing it to next year's shows.

Mary and I will be attending this year's International Show in Lake Tahoe. Several other Chapter members are attending also. We'll share our experiences at our Fall Banquet.

The Fall Banquet is Friday October 28th at The Delafield Brewhaus, sign-up form is in this newsletter. Please try to attend. At the banquet, we'll be discussing our upcoming International Show at Racine in 2017.

Some interesting tidbits about some Chapter Members:

Brian and Lisa Kramer's Century SeaMaid, along with Brian were featured in a ProHealth Care TV ad. Didn't know we had a television star in our Chapter!

Fred Bartizal's Bridge Tender Inn in Bradenton Beach on Anna Maria Island survived Hurricane Hermine. If you're in the area stop at the Bridge Tender great food, drinks, music on the beach!

If you have anything you'd like to share with others in the Chapter, please let me know: customboatservice@sbcglobal.net.
Regards.

NEW OFFICERS/DIRECTORS ON BALLOT

Director at Large/ Membership Co-Chair-Judy Wagner

Judy and her husband, Randy bought their home in Vernon in 2009. Little did they know that the boating adventure that was in their future. "Our neighbors, Pam and John Baas, peaked our interest in the craftsmanship of antique wood boats and camaraderie of the owners. Slowly but surely they convinced us that we absolutely HAD to have a wood boat. That day came in 2014 when we were lucky enough to find a 1946 Higgins." It didn't take long to be romanced to be members of the Antique and Classic Boat Society and the Glacier Lakes chapter. Judy and Randy have become more involved with the chapter with each year. With Judy's help, WaterStone has also become a partner and supporter of the Pewaukee Antique and Classic Boat show.

1st Year Director-Dan Holdmann is one of Glacier Lakes newest members. Dan and Laura, of Hartland have two young sons. Dan has become very active in chapter projects including serving on the boat show planning committee. He has a 1956 Chris Craft Semi-Enclosed Cruiser with a KL 105 hp engine. He has a passion for old boats. He just completed the last term of a 3 year term by another board member.

Director At Large-Bill Freyman-GLACBS members Bill Freyman and his wife Sarah retired to Egg Harbor in Door County, their favorite vacation paradise, following 35 years of service in the public schools of Champaign, Illinois. Currently, Bill serves as a docent at the Door County Maritime Museum and as a member of the organizing committee for its annual Classic and Wooden Boat Festival. Bill and Sarah are very involved in the community and serve on many boards.

Director At Large-Bob Stoltz -Bob has been involved with the chapter from the very beginning. He makes arrangements for the chapter's use of The Pewaukee Yacht Club for chapter doings. He has been the go-between for chapter food arrangements. Bob gets involved in the show meetings, and volunteers for show set-up, the show itself and show take down. Bob hosted a Friday night gathering at his place in 2015. Bob has been a big supporter as an advertiser since day one.

Director At Large-The Life and Times of John Baas

I like to think of myself as the "accidental woody boater". Cruising a farm auction in 2006, I spied a wooden boat I would later learn was a Chetek lapstrake utility built in 1959. The auctioneer brought the gavel down right after I blurted out, "Three-sixty!" So began my quest to learn everything I could about ribs, transoms, sandpaper and varnish. The boat has won two, "Best Wood Outboard" awards at the Pewaukee Boat Show. In another weak moment, my wife Pam and I purchased a 1955 Correct Craft Atom Skier, a fun little outboard that has given us many great memories and a few wet, not so great memories.

Having spent some 25 years in the broadcast news industry, I became a business owner along with my wife and most recently a Regional Manager for Naturescape Lawn care, one of the fastest growing landscape maintenance companies in the country. The beginning of May turned another page as I retired from full time work and look forward to spending quality time with Pam and our dog Zephyr.

My passion for wood and classic boats has only intensified since the first launch with the Chetek. I love being involved with the dedicated and fun people that make the Glacier Lakes Chapter the jewel that it is.

Pewaukee Antique & Classic Boat Show-PUBLICITY

LOTS OF PUBLICITY...MOTHER NATURE WASN'T LISTENING

A special thank you to **Nicole Eckert** for taking on publicity duties for 2016. She was able to get pre-show publicity in The Waukesha Freeman, The Milwaukee Journal Sentinel's Lake Country Living as well as in event listings in a variety of publications. Nicole was also successful in getting **Carl Deffenbaugh** of **Channel 6** to do a live TV broadcast Tuesday morning August 16, 2016 at Pewaukee Lakefront Park. There were 4 interview segments starting at 7:45AM. For the kids "Toy Boat Painting" segment, **Dan and Laura Holdmann** brought their two boys, **Eli-4** and **Bennett-2** years old. **Jeff Niedziela** brought two of his children, **Stuart-5** and **Elsie-3**. This authors' favorite grand daughter, **Ellie Eckert** rounded out the group. She helped the kids and did a wonderful interview talking about the show and what it had to offer as a family event. **David Buckley** brought his 1935 GarWood Speedster "Miss Chief". David did an outstand interview and gave TV 6 Carl a fast ride. **Dan Krause** brought his antique Packard as well as **Dick Profio** bringing his 1931 Packard. The Wheelmen in period cloths and bringing their bikes were **Tom Edfors**, **Jim Guthrie**, **Kurt Schaak** and **Mark Pachefsky**. They helped **Carl Deffenbaugh** of Channel 6 make his debut ride on a 1900's bike. It was a perfect sunny morning. Comparing other years, this was the best interview presentation with Carl Deffenbaugh bringing together the various segments into an even flow package and getting everyone involved. Once again, a special thanks to **John Constable** and artist **Steve Winter** of **Laughlin Constable Advertising Marketing** for their work on creating the poster for the past 12 years.

BILL BOARD ADVERTISING

A special Thank you to **Randy Wagner** for geting a **FREE BIIL BOARD** on I-94 promoting the boat show. You can check out the interviews by going to the website: <http://fox6now.com>

FRIDAY AM SETUP-August 19 2016

Early Friday morning, the trailers started arriving. Glacier Lakes members brought two trailers with the piers. Everything was lined up along Wisconsin Ave. Safety precautions with warning barriers were put in place. Volunteers at each end of street directed traffic. The Dawes crane arrived about 8:00AM. The piers were lifted off the trailers and set in the lake. The chapter crew linked the piers and connected the system into the **Pewaukee Ski Club dock**. On Sunday morning, everything was done in reverse.

NINE YEARS TO COMPLETE A 10 FOOT RACING PLAN ...and it's finally finished

A "Kit Boat Building Program" was developed in 2007 by The Antique & Classic Boat Society, Inc., to foster the teaching of boat building techniques for youth.

It started as a test at Lake George, NY with a kit boat donated by ACBS Director Jim Shotwell in the name of ACBS.

The ten-foot racing prams were an exact replica of the Chris-Craft kit offered to those wanting to build their own boat in the mid-fifties.

The Society purchased and made a number of these kits available to chapters wanting to continue or start their own youth development program, targeting middle and high-school age young adults.

The Glacier Lakes Chapter wanting to start a youth program was able to get a kit boat to start a project. A local youth group got the kit and was eager. Unfortunately, the project stalled.

A story was seen in a local Wisconsin area magazine about a group called "All Hands Boatworks". The kit boat was donated to "All Hands Boatworks" headquartered in Milwaukee, WI.

All Hands BoatWorks, Inc. exists to inspire young people challenged by socio-economic and educational hurdles to develop their skills, and self-confidence to achieve personal goals as young adults. Bill Nimke is the founder and executive leader of "All Hands BoatWorks, Inc." The program helps youth work together to build wooden boats and gain a better understanding of the building process. They learn the values of craftsmanship, academic success, learning by doing, self discipline, responsibility and teamwork.

All Hands Boatworks is a member of the Teaching with Small Boats Alliance, a professional network of more than 50 organizations and programs in the US and Canada.

This past June, Bill Nimke, founder of "All Hands Boat Works" reported that the pram was finally completed by students enrolled at the Carmen High School of Science and Technology, in Milwaukee, WI. He had a class of 12 students. It was a bit more challenging than he thought it would be, but was glad to be finally finished. The pram made its first appearance at the 12th Annual Pewaukee Antique & Classic Boat Show this August 20, 2016 on Pewaukee Lake. The Glacier Lakes Chapter will continue their support of "All Hands Boat Works".

MILWAUKEE RIVER CRUISE

DOOR COUNTY Classic & Wooden Boat Festival

August 12–13, 2016

By Bill Freyman

August 12th and 13th saw big, enthusiastic crowds at the Door County Classic and Wooden Boat Festival in Sturgeon Bay. The weekend began Friday morning with the first annual Bay to Lake Lighthouse Cruise for registered boaters. Nine boats and crews enjoyed the event. Jon Gast of the Door County Maritime Museum started things off in the museum's lighthouse gallery with a short introduction to the lighthouses of the peninsula, and after a short skippers' meeting everyone was off to the boats for the ten mile cruise.

Once underway, the fleet headed northwest past Fincantieri Bay Ship and the giant great lakes freighters in the yard. They cruised safely past Dunlap Reef and motored out to Green Bay. The wind was steady from the northwest and kicked up a chop that made the planned run out to the Sherwood Point Lighthouse too uncomfortable to finish, but the speedy but wet run was still fun. Turning just half a mile short of the light, the fleet returned to Sturgeon Bay, passed under the famous Michigan Street Steel Bridge and slid into The Yacht Harbor adjacent to the Sturgeon Bay Yacht Club for lunch. Due to the shortened cruise, they arrived very early for the scheduled lunch and were forced to tread water at the club's bar while the lunch staff raced to get ready. The crews "struggled" through the delay at the bar prior to enjoying a great lunch.

After lunch, the second half of the cruise went exactly according to plan. Leaving the SBYC, the boats cruised southeast along Sturgeon Bay and had a chance to enjoy a high speed run from the Bay View Bridge to the entrance of the ship canal connecting the bay to Lake Michigan. They passed through the canal and gathered on the big lake just beneath the US Coast Guard Station and lights. The fleet idled there with crews snapping some great pictures. Then it was off back through the canal, a high-speed run toward the bridges and a return to the museum and festival site. After putting the boats safely away for the night, the crews met in the museum for the annual complimentary cocktail reception for registrants. Everyone had a good time getting to know the other exhibitors.

The festival's activities had begun Friday at 4pm with construction of the Sikaflex Challenge boats behind the museum. The concession stand was open and a band provided live music. A number of boats for the shore displays arrived on Friday, so there was plenty to see.

Saturday morning brought the official opening of the show with 43 boats on hand. In sizes ranging from 8' to 68' and everything from kayaks to schooners represented, boat enthusiasts had much to take in. The Maritime on Madison

street festival was underway next to the boat show grounds, regional artists displayed their work in the museum's Festival ArtMart. Door County's tall ship, Edith Becker, and the Chicago Fireboat offered cruises. Naturally, the museum was open with tours of the museum's signature ship, the tug John Purves, ongoing throughout the day. A Kahlenberg engine was on display and fired up at regular intervals, thrilling visitors. The Coast Guard Auxiliary opened the museum's 41' cutter for tours and sponsored kids activities including a Damage Control Simulator that you had to see to believe. As usual, the festival offered freshly caught local whitefish sandwiches that hungry visitors enjoyed along with ice-cold beverages. The day ended with the always entertaining Sikaflex Challenge Races and Boat Demolition Derby followed by the presentation of Peoples' Choice Awards.

Peoples' Choice Awards were awarded in several categories. The Favorite Inboard Classic award went to GLACBS members Roberta and Rich Hegy and their 2015 19' Glen L Torpedo, The Glen L. After they got soaked on the choppy cruise the day before, it was good to see the award go to them. The Favorite Classic Outboard award went to Lew and Judith Juadis of Sturgeon Bay and their immaculate 1957 18' Cruisers Inc Vacationer, Connie. The twin Johnsons were beautiful. The people awarded the Favorite Fiberglass Classic award to Jim and Tina Jordan of Algoma. Their 1969 16' Steury V-416 really looked great underway during Friday's cruise. Teddy Roosevelt was Assistant Secretary of the Navy in 1895 when Long Lake was built in upper New York State. Long Lake, an Adirondack Guideboat, was the choice for Favorite Non-Powered Craft. Her owners, John and Sandi Seaman of Sheboygan insist they are simply the current caretakers in the boat's long life. The German-built Amphicar Surf and Turf and her mermaids won the Favorite Unique Craft award. She's owned by Russ and Stacy Cihlar of Sturgeon Bay and cruised on and off to the crowd's delight past the museum during the festival. Finally, winning both the Favorite Sailboat and Best of Show awards was Rich and Nancy Kapellen's 17' Penobscot 17. They built this gorgeous boat at home in Sheboygan. The extraordinary craftsmanship was obvious to anyone who viewed her. The Museum was thrilled to host such a fine collection of boats this year.

After the presentation of awards and the show's close, participants met informally at the Sturgeon Bay Yacht Club to enjoy drinks, a Venetian Night Parade, and fireworks to top off the weekend. The Door County Maritime Museum is already looking forward to next year's event and hopes everyone who attended this year will return for more fun in 2017.

The 2017 show will take place August 11 and 12, 2017 and the festival website is already up for everyone to view. It contains news about next year and has large galleries of photos from this year's event. If you have any questions about attending the festival, contact GLACBS member Bill Freyman at dclasicboatfestival@gmail.com. Plan now to make a trip to beautiful Door County next August!

Show & Glow AND MILWAUKEE Concours d' Elegance™ August 27-28 2016

story by Mary Willis

For the second year in a row, the Glacier Lakes Chapter presented some fine examples of antique and classic boat at the 12th Annual Show 'n Glow and Concours d' Elegance event. It was held August 27th and 28th. The grounds of Milwaukee's Veterans Park were filled with classic autos of all makes and years. And, of course, boats! It's a great opportunity to see history in the boats and autos and spend the day talking about old boats and vintage autos.

This year's boats included: Bill and Nancy Anderson 1958 Aero-Glas Super Satellite 16, Roberta and Rich Hegy 2015 Glen L Boat Torpedo, Wil and Mary Vidal "In the Mood" 1940 Chris Craft, Jeff and Linda Allen Chris Craft Triple, Paul and Tim Mason Century "Relic", John and Pam Baas Correct Craft "SkiDaddler", Dennis and Cindy Evinrude 1915 Round bottom rowboat, and John and Amy Zea with "Vogler Boy". Saturday's event, Show 'n Glow, is a casual gathering of auto

enthusiasts. The Ferrari parade is quite a sight to see. Who knew there were that many Ferraris in the area; and they all aren't red! Saturday's awards are People's Choice in each category, including boats! Bill and Nancy Anderson, John and Pam Baas, and Dennis and Cindy Evinrude each took home awards.

Sunday's event Concours d' Elegance is an invite-only car show that is judged. Some rare and beautiful autos are on display. I think all of us found a car or two, we'd like to have. The boats are there as "exhibition only" helping to celebrate the beauty and history of boats and autos.

Much like our shows, the proceeds go to community charities: Boys and Girls Club and Autism Society.

Thanks again for everyone who brought a boat and attended the event.

EDITOR NOTE:

A special thank you to Mark and Mary Willis for all the work they did to make this a successful event.
