We survived the Wisconsin Winter and Boating Season is finally here. Florida was fun and I managed to remove a few more items from my bucket list while there. Sunnyland is quickly returning to normal with a large array of temporary floating docks and the St. John's River Cruise going, albeit a bit cold and windy this year. Some members braved the nor'easter and chilly weather as some of us wussies drove our cars to the lunch stops. Most of the March weather was nice in Florida, though. Sunnyland plans to have the permanent docks back in place by 2021. If you get the chance, it is a great reprieve from the Wisconsin winter weather.

A BIG THANKS to Peter Harken for hosting a Tour of his World Headquarters. I understand it was a big hit with chapter members and showcased 50 years of the Harken History. Sadly, we missed it due to being in Florida at the time.

Our Spring Banquet was held at Mueller's Linden Inn and was great. We had 50 members in attendance and a great buffet dinner put on by Dan Mueller and crew. Tim Hoffmann, from the USCGAUX, was our guest speaker and provided great information about the Federal and State regulations and boating safety.

The Annual Midwest Chapter of the Antique Outboard Motor Club was held on May 11th in Okauchee and the 4th annual Antique and Classic Boat and Car show was held at Little Bohemia in Manitowish Waters over Memorial Weekend. Rich and I, as well as other chapter members attended this fun event. Minocqua should be coming up soon as you read this edition. Many fine events are happening all summer long. Please check them out in this edition of our fine newsletter.

In addition to all the fun events in Wisconsin this season, there are many in surrounding states that are always fun to attend. Check the Rudder for information about other events that may be of interest to you. One such event is the ACBS International Meeting and Boat Show being held in Alexandria Bay in NY. Great opportunity to see upstate NY and boat on the St. Lawrence River. Rich and I are planning to attend as well as many other Glacier Lakes members. I can think of about 10 off the top of my head. I understand they have added an extra cruise to the Singer Castle, so room is still available for that pre-event. Check it out in the flyer included in the recent Rudder.

Our Fall Banquet is already being planned and will be held at the Cotton Exchange in Waterford on Oct. 26th. Keep that date to attend our important Fall Election meeting.

We will be in need of new board members to replace outgoing board members and officers. I will be retiring to the Past Commodore position and Dan Holdmann has been nominated to the position of Vice-Commodore. Bob Stoltz will become our next Commodore. Other positions may also open up. I will keep you informed. On a sad note, we lost one of our Dear Boating Friends. Don Schwister passed away this Spring. He was one of the founders of Glacier Lakes and instrumental in organizing our Pewaukee Boat Show. He will be greatly missed.

In closing, I wish you all a safe and fun boating season. Hope to meet up with you at one or more of the fine events happening this season.

Roberta Hegy-Commodore

**Mueller's Linden Inn on Big Cedar Lake**  
**Saturday May 4, 2019**

**Condensed from Minutes Provided by  
Brian Irwin, Glacier Lakes Secretary**

Members present: Lars and Joan Anderson, Gary Berg and Jane Larson, Scott Bruesewitz and Amy Simonsen, Dale and Colleen Carle, Jeff and Renee Davey, Don Emigholz, Nancy Feichtmeier, Bill and Sarah Freyman, Tim Fredman, Roberta and Rich Hegy, Dan and Laura Holdmann, Brian Irwin, Tim Mason, Cliff Muehlenberg, Matt Peters, Helen Petran, Gary and Sue Rechcygl, James and Betsy Richey, Mary Richter, Rob and Gayle Ritter, Bruce Rosenheimer, Jack Schneiberg, Howard and Donna Schneider, Bob and Lois Snyder, Jim Staib, Bob Stoltz and Judy Kearns, Wil and Mary Vidal.

Minutes from the Fall Meeting were accepted with a motion by Bill Freyman and seconded by Jim Staib.

Treasurer Nancy Feichtmeier reported all donations for 2018 had been completed, and the Chapter is in the black. Jack Schneiberg motioned for acceptance of the Treasurer's report and Bob Stoltz seconded.

Membership is growing, according to Gayle Ritter. Glacier Lakes now has 207 household memberships.

Don Schwister was remembered as a long-time member of Glacier Lakes who passed recently. Wil Vidal shared Don's involvement with the ski club and "...all things Pewaukee Lake." Howard Schneider memorialized Don's work to streamline the installation of the boat show piers as being fundamental to the continued success of our show. Dr. Rob Ritter shared a humorous recollection involving Don's iceboat and the transition in ownership revolving around the passage of time. Rob became the new caretaker.

Donations were reviewed by Roberta and are as follows: All Hands Boatworks (\$500), Hands on Deck (\$500), Pewaukee Historical Society (\$500), Honor Flight Society (\$1000) and Door County Maritime Museum (\$1000). Bill Freyman spoke to the continuing mission of the DCMM to "preserve the maritime tradition of Door County." DCMM expressed written appreciation to the Chapter. Bill also noted

the national Higgins Club and is working to revitalize the organization. Welcome aboard, Jeff and Renee!

Mary Richter was recognized for her recent article appearing in the "Brass Bell", the official publication of the Chris-Craft Antique Boat Club. Way to go! Very cool.

Following a short introduction by all present, the formal meeting concluded at 7:45 pm. Motioned by Jack Schneiberg and seconded by Helen Petran.

Roberta introduced our guest speaker – Tim Hoffmann, USCGA – who presented an informative series about water safety and regulations. Key take-aways include, but not limited to:

- classic boats are regulated the same as any modern vessel.
- Federal regulations apply to large bodies of water & their tributaries. Lake Michigan is just such a large body of water, and the Milwaukee River is a tributary. Therefore, all applicable regs for Lake Michigan also apply to the Milwaukee River. Consult online governmental websites for complete details!
- All passengers 13 years of age or under are required by Federal law to wear a USCG approved lifejacket. Be aware of the correct number required on your vessel, and appropriate size for your guests!
- Keep a 'throwable' readily available.
- 50' of poly line specific to marine use is also required on board your vessel.
- Boating under the influence could potentially result in two tickets. Be cautious!
- NO WAKE is the slowest possible speed at which a vessel can maintain steerage.

Great outline, Tim! We thank you for your service and help in keeping our waters safe.

Following the presentation, Roberta thanked everyone for attending and we concluded at 8:12 pm.

Respectfully submitted,

# The Hegy's Florida Odyssey 2019

*Story and Pictures By Roberta Hegy*

After becoming official “Snow Birds” last year, we thought Florida and the Tavares Sunnyland Boat Show with the St. John’s River Cruise were in order for 2019. Other things on our “Bucket List” included the “Florida Jets” radio-controlled model jet aircraft show in Lakeland, a trip to the Kennedy Space Center to watch a launch, and revisit the newly renovated “Downtown Disney” now called “Disney Springs”. Not to mention getting in some golf. We rented a condo in a very nice complex on the St. John’s River in Welaka for the month of March. It had great floating docks and a beautiful view of the river.

The river cruise and Tavares show were later in the month, so we got in some golf during the first couple weeks and spent a day at the Kennedy Space Center. They had a launch scheduled the day we were there. After a day of tours and looking at all the really neat stuff there, it was time to see the launch. We decided to watch it from the Space Center parking lot. That gave us the opportunity to leave before the crowds

left after the launch. The parking lot was actually closer to the launch site than the remote viewing location and we did not need to take a shuttle bus back to the car. The launch was scheduled for 6:55pm, but was delayed until about 8:20pm, making this a night launch, which was really spectacular.

Since we were doing the St. John’s river cruise, it was great having the condo on the St. John’s River. One of the lunch stops during the cruise was in Welaka and another was in Crescent City, which was nearby. This proved to be very handy as the Florida weather was very cold and windy this year during the river cruise. Great weather prevailed the balance of the trip. About half of us wussed out and drove cars to the lunch stops while the other half braved the cold and Nor’Eastern winds. It was still a great time and we did get plenty of boating in despite the weather.

Tavares was wonderful as always. Rich and Beth Lepping, Gary and Sue Rechcygl, and Don Taylor were all there, as well as other familiar faces and

friends. The Sunnyland chapter was able to accommodate water display using temporary floating dock sections. There was no shortage of land display and there was an incredibly wide variety of boats both on land and in the water. We spent Thursday at the conference center to attend the ACBS meetings. It was very interesting to see what decisions are made and the process. We plan to attend the meetings in the Fall at the International Show. The City Sponsored Cocktail party at the Pavilion was very nice. The Saturday evening banquet was also nice, serving a steak dinner and all the trimmings. We were especially honored when our Torpedo was given the Contemporary Award. Very unexpected.

We took the Friday during the show to head down to Lakeland and see the "Florida Jets" which is an International rally of radio-controlled turbine jet pow-

ered model aircraft. Pilots, planes, and equipment from all over the world meet here annually for this event. It was of great interest to us as Rich and I still dabble in the R.C. Aircraft hobby.

Our last few days were spent mainly preparing for the journey home, but took a day out to go the Disney Springs. If you haven't been there for a while, it has really changed a bit. The large surface parking lot was replaced with more venues and two large parking structures. Most of the old familiar places are still there, with many new ones added. Fulton's is now called Paddlefish and a new restaurant called Edison's Is there, made from an old electric powerplant. We had dinner there. The Boathouse has an amazing antique boat display and offers amphicar rides.

## SPECIAL TOUR OF HARKEN World Headquarters Saturday March 16, 2019

*ATTENDEES-Bob Stoltz, Judy Kearns, Bob's Granddaughter Maddie, Mark & Mary Willis, Jane Larson, Gary Berg, Bob Snyder, Howard Schneider, Scott Reid, Karen Roback, James and Betsy Richey, Karl Koenig, Lars Anderson, Ed Rennpferd, Ed Eisenmenger, Tim & Judy Fredman & Grandson, Gerry Petersen, Jack Sorenson, John Lundahl, Lori Scroggs, Dan Johnson, Rob Ritter, Steve Settler, Wil & Mary Vidal, Ryan, Nicole & Ellie Eckert*

A special thank you to Bob Stoltz for putting together this unique opportunity to get a first hand tour from one of the founders, Peter Harken and a Glacier Lakes member and supporter.

Peter Harken had just returned from a Executive Committee trip in Europe Friday afternoon when he met with Glacier Lakes members Saturday morning March 16 at World Headquarters at One Harken Way, Pewaukee, Wisconsin.

Like many entrepreneurial startups, the forerunner to Harken, Vanguard Boats (a builder of Olympic class racing dinghies) started in a garage. According to an earlier story in another publication, the decor included a shared typewriter, telephone and file cabinet. Too poor to afford an apartment, Peter and Olaf slept and entertained in the building, with guests often complaining about how itchy the fiberglass made them. A big break came from Peter and Olaf's landlords, LeRoy and Al Stippich, owners of Accurate Products, a tool and die business in Waukesha. The Stippichs felt a kinship with Peter and Olaf because they had been just as broke when they were starting out. Leroy and Al provided free tooling for the blocks with their innovative ball bearings.

Providentially, Gary Comer, president of Lands End, had promised to include them in his catalog if they could deliver right away. Thanks to Accurate, they did. Then the blocks were used by two gold medalists in

the Olympic Games. The rest, of course, is history.

Harken has been in their new facility for six years, has seven interational subsidiaries celebrated their 50th Anniversary in 2018.

Peter shared why dogs are always welcome at Harken. The tradition began with Peter's dog, Mac. This is another interesting story.

Peter said that their industry has matured and they needed new ways to develop business and meet the needs of a new clientle. Building upon their background and expertise in sailing equipment, Harken has developed other kinds of industrial equipment to meet the needs of other users putting emphasis of ease use and safety.

### **NEW OPPORTUNITIES!** **A NEW PRODUCT-ROPE** **ACCESS / RESCUE-**

Their products are being actively used by other industries providing applications, including high-rise construction, architectural maintenance, facilities management, oil and gas utilities applications, and wind power product opportunities. Their products are light weight and easy to use.

### **HARKEN HOISTER**

Pully "Utility Hoister Lift Systems" that allows people to hoist their canoes, kayaks and bikes for storage.

### **HARKEN Ninja Foot Ascender**

Designed for those working in the arborist, rescue and rope access industries, the Ninja makes climbing rope easier and smoother, which ultimately increases productivity.

Again, a special thank you to Peter for sharing a morning with Glacier Lakes members.

# Glacier Lakes Chapter Loses a True Mover & Shaker. Don Schwister will be Missed

## Don & Mary Schwister... People who made a difference

By Howard Schneider

First a little history about the boat show piers. When the boat show moved from the yacht club to its present location in the village we obviously needed some kind of pier to dock the boats. We entered into an agreement with Mod U Dock to provide us with a 4' wide pier we would connect to the new ski club pier which was also provided by Mod U Dock. That year we assembled the floats and 4' x 8' pier sections at Mod U Dock, loaded them onto trailers, brought them to the show site, hand carried them down to the lake where we bolted them together for the show. When the show was over we reversed the procedure taking the pier sections back to Mod U Dock and unloading them. During the show that year it became apparent that a 4' wide pier wasn't going to do the trick, so the next year we went to 6'x6' pier sections which were a lot more stable with a crowd of people on them. We still had to hand load them at Mod U Dock, assemble them in the lake, then hand load them back onto the trailers where we once again unloaded them for storage at Mod U Dock. While we were all thinking "I'm glad we don't have to do this for another year" Don was thinking how can we make this easier and more efficient. Don proceeded to do just that. Using his years of experience and connections as a structural steel contractor Don unitized the 6' sections into 18' sections which we now set with a crane. With Don's typical attention to detail he even had the signs and radios for traffic control when we were using the crane. Don had all the sections numbered and set on two trailers that Don and Mary donated to the club. Not only did they provide the trailers they provided a place to store them. In subsequent years Don worked to further refine the piers by installing the pivoting aluminum on ramp and the off ramps provided by John Zea. So this year when you walk on that pier and your backs not hurting from helping put it together give some thought to two people who made a difference Don & Mary Schwister.

Mary also handled all the publicity and started the Veterans Closing Ceremony program.

**EDITORS NOTE:** Howard Schneider and Mark Willis had a unique friendship and bond with Don Schwister.

Keeping the spirit of "Classic Glass" Alive!

# DOOR COUNTY **Classic & Wooden Boat Festival**

***Join us in beautiful Sturgeon Bay, Wisconsin.  
August 9-11, 2019 for our 29<sup>th</sup> Festival!***

**It's fun for the whole family.** The weekend features beautiful boats to admire, some professionally built and maintained, others the work of talented amateurs. They range from canoes and kayaks to sailboats to fiberglass classics to glorious mahogany runabouts. Saturday's adjacent **Maritime on Madison** Street Festival showcases local merchants and features great food, shopping specials, children's activities, and music. One highlight you don't want to miss is the wild Sikaflex Challenge boatbuilding contest. Beginning Saturday, teams of amateurs rush to build plywood boats, decorate them, and then on Sunday finally race them on the water! Some will actually float and finish, others may not. Come cheer them on. Boats, music, boat rides, great food and the museum itself- don't miss this weekend.

***Best of all, public admission to the festival is free!***

Festival visitors can roam the docks, take in the displays, eat great food, talk with the skippers, and then cast a ballot to choose a People's Choice Boat of the Year. Registered skippers will vote to choose Boats of the Year in a number of categories; Classic Inboard, Classic Outboard, Sailboat, Classic Fiberglass, Non-powered, Model Boat, Unique Craft, and overall Skipper's Best of Show. For a small admission fee, anyone can tour the museum itself and the museum's signature vessel, the century-old sea-going tug, the *John Purves*.

Friday is filled with special pre-festival activities for registered boaters. Our annual 10-mile "Bay-to-Lake Lighthouse Cruise" will take our fleet of classic boats past one of the largest shipyards on the Great Lakes to

the Sherwood Point Lighthouse on Green Bay. We'll snap pictures and then return to downtown Sturgeon Bay to tie up for lunch. Following lunch we'll cruise to glorious Lake Michigan through the Sturgeon Bay Ship Canal and take a look at the Coast Guard Station and its Lighthouses before reversing course and returning to the museum. The cruise is a fun way to get those classics out on the water for some fun before the festival opens. That evening, skippers and crew will enjoy a complimentary cocktail reception in the museum. It's a great way to jump-start a weekend of terrific classic boating.

Watch for further information on our 2019 festival website at [www.doorcountyclassicboatfestival.com](http://www.doorcountyclassicboatfestival.com). For lodging needs, visit [www.doorcounty.com](http://www.doorcounty.com) for an extensive listing of hotels and resorts.

# Swap:

*to take part in an exchange of; an act of exchanging one thing for another.*

*Story and pictures by Jane Larson*

On Saturday May 11th, the Midwest Chapter of the Antique Outboard Motor Club (AOMC) held its 6th annual Antique & Classic Boat and Motor Swap Meet at the Okauchee Lions Park. Not only were there outboard motors, boats, books and parts to swap, the stories that were swapped at each vendor's "booth" was well worth attending! Motor and boat enthusiasts from Wisconsin, Illinois, Iowa, Minnesota and Michigan showed their wares outside their vehicles that were lined up on the grass in two long rows. The sun refused to show her smiling face and a cold, damp wind chilled attendees but that didn't dampen anyone's spirits.

One could find (almost) any motor you wanted at this meet from Kiekhaefer Mercury, to Johnson, to Evinrude and even West Bend! There were boats too! Our own Dan Holdmann and John Baas displayed their boats for sale and several tales were told while leaning on the transoms. Several aluminum fishing boats were for sale as well. Tables and tables of old memorabilia including service awards and racing trophies, along with pennants and parts lined the outdoor display area. And as late comers arrived with their truck of wares, a small crowd followed to see what treasures were to be unloaded.

Hot coffee, soda, brats, hotdogs & Italian sandwiches kept attendees warm and full. A special shout out to GLACBS member and AOMC member Dan Johnson for planning the event and keeping everyone happy.

Glacier Lakes Chapter members that were spotted on the grounds were Dan Holdmann (and family), Dan Johnson, John Baas, Jim Staib, Gary Rechcygl, Gary Berg, Jane Larson, John Baumann, Andreas Rhude, Dennis Evinrude, Cliff Muehlenberg, and Perry & Jill Edwards. I'm sure there were more but I may have been shopping when you passed by.

ACBS and AOMC are cousins when it comes to "old boat stuff" which was evidenced by the boxes of "things" and stories that were swapped. And we all know there will be many more tall tales to tell.

# Sinking Bloodless?

*By Bill Nimke, President and Founder All Hands Boatworks, Inc.*

Today we celebrated the launching of "Sinking Bloodless," a 15' Bluegill skiff built by a group of math students at the Kradwell School at our shop over the past school year. Here are some pictures from the recent beautiful launch.

FYI - Sinking Bloodless? The boys in the class were a little concerned that the boat they built would sink. And Kradwell teacher Deb Pietsch routinely reminded her students that they better work safely and not shed a drop of blood on the boat.

Thank you, Kradwell School, for another great year with your students! And thanks for displaying the new skiff in the front of the school this summer for others to admire.

**Congratulations and huzzahs!** to volunteer instructors Paul Bargren, Erik Andersen, and Steve Robertson for their dedication to the Kradwell students and the bluegill project over the past school year!
