Spring is in the air! I can feel it. Birds are chirping, snow is melting (for now), hopefully lakes start to turn soft again and we all will start to pull our boats out of hibernation! I have high hopes of getting our 24' Holiday launched this year after finally flipping her back upright with a full bottom frame replacement and 5200 bottom.

The 2022 Boat Show season has already started thanks to the hard work of John Baumann and all the volunteers who helped set up, tear down and man the booth during the show. Thank you all very much!

We are working very hard to come up with a date and plan for our spring meeting. We still have some specifics to work out. Please watch your email for details!

Dan Johnson has put together the Annual Antique and Classic Boat and Motor Swap Meet & Show at the Okauchee Lions park, coming up on May 14. This is always a great get together, not only to swap and sell parts, but stories as well. Look for us under the Glacier Lakes tent and stop by to say Hello!

It looks like the summer of 2022 is going to be fun with plenty of events scheduled for the entire summer. Please see the list of events in this issue of "At the Waterline". I encourage all of you to get out there as you feel comfortable and come out to the amazing events in our area! We have all been through so much the last few years. Let's all plan to get out there and do what we do best! Boat! I know I've been locked down for way too long. We are looking forward to reconnecting with everyone over the summer.

Get that boat ready! This summer is going to be great!

JOHN ZEA TRIBUTE

BY ROB AND GAYLE RITTER

It is always sad when we lose a long term member from our Glacier Lakes Chapter but we will especially terribly miss this incredible man. Unfortunately, we lost John K. Zea in early March at the young age of sixty-three from a hard fought battle with brain cancer. John was the loving and devoted husband of Amy. Together they raised three remarkable children; Matthew, Jenny and Jacob who in turn are lovingly starting and establishing their own families. They certainly will inherit a great template from their dad as well from Amy. John was always able to mix the perfect amount of love, faith, strength, gentleness, integrity and an acute awareness of those around us in their upbringing. He shared these tremendous qualities wherever he went. Whether it was his highly successful industrial oven company, coaching impressionable young hockey players, serving Saint Jerome's Parish, volunteering his talents at The Okauchee and Oconomowoc Lake Communities, and of course what he did for our very own chapter, he did it with 100% enthusiasm. Of course, there was a plethora of other groups and people he was able to touch. John being in our lives made us all better persons.

Gayle and I were very privileged to have met the Zeas very early on in our lives. Amy's parents had a cottage on Okauchee Lake as did Rob's. Our son, Will, and Matthew started sailing prams at a very early age together and still enjoy a tight relationship with each other along their fellow lake buds. John became very interested in sailing as his children progressed through the years and his natural curiosity about the sport led him to even becoming an experienced judge. The Zea Family became very active in the Okauchee Lake Yacht Club hosting parties, regattas, becoming board members and to this day are still an intricate part of this fine club. John's presence on the lake and his family eventually living every summer on Okauchee is what kick-started his love of boats especially the classic boats we all so dearly love. There was a lively character on the lake we all knew quite well who especially peaked John's interest in wooden boats. We know this man as Carl Johns who also hosted so many epic gatherings at his wonderful property. Together these two free spirits chased down many a boat lead and enjoyed life to the fullest!

John's involvement with our Glacier Lakes Chapter has been nothing short of extraordinary. He has always considered himself a behind the scenes kind

TRIBUTE-CONTINUED FROM PAGE 4

of guy. but we know that is the furthest thing from the truth. John's constant engagement and generous spirit has always brought great vitality to our organization on so many levels. He thought of himself as a pier guy when it came to the Pewaukee Boat show. John was always the first person to volunteer to take the deep pier sections out to sea in the cold water. John and Howard Schneider worked tirelessly together in figuring out the physics of the pier problems. This often led to John fabricating special adaptations in his plant workshops. Speaking of the show it was John's great joy to give the uninitiated crazy rides in his latest finds. Amy would shrug her shoulders when John would bring another "orphan" home to add to his growing collection of boats. Although on the inside she loved it because of the excitement and fulfillment it would bring to her husband. John was still very active till the day he died adding to his ever expanding montage of boats and cars. Never one not to share his enthusiasm John would throw open his museum quality boat and car storage facilities for all to see and enjoy. These of course were done in conjunction with fabulous parties overseen by Amy! Thankyou for that John and Amy! His sons, Matt and Jacob have also really embraced the family tradition with Matt actually living on site. I could go on and on about John's assembly of rare pedigrees but that might be better served with a layout in the future in The Classic Boat Magazine published locally. John was at his best when he was sharing his deep knowledge and love of boats. His expertise will be a real loss to our chapter.

This special "gentleman" in every aspect that comes with the term was a rare one for sure. He was a man of few words at times and we all knew them. His favorites were three in short order- "Amy", "Nope" and "Yup!" At other times he had more words such as when he was straightening out a young impertinent hockey youngster! He certainly had a positive influence on so many lives. Ever since I knew John he was a man of God. He was a strong Catholic his entire life and he led his life accordingly. A real tribute to his faith was a quote from Amy. " He made his own death so much easier for us in his steadfast belief he was going to a better place and we will all be together some day with our Savior." Amy believed that and we shouldn't worry. We will be just fine. John's "legacy" is already fulfilled. As John aspired to be a leader and he was that and more he influenced the rest of us to be the best we could be. For that we are very grateful. John K. Zea you will be missed greatly and remembered fondly by all.

Thanks for the memories!

Spring Projects Line-up at the Boatworks Shop You Will See

Under Construction

- ★ An all-women’s crew is building the Bayview Skiff 13, designed by Chase Small Craft, Saco, ME. Specs: 13’ LOA; Beam 5’1”; Displacement 510 lbs; Up to 15 hp.
- ★ Two 11’ Periwinkle Jr. rowboats are being built by girls from St. Joan Antida High School and by boys from the Kradwell School.
- ★ The after-school teen RAFT program is completing work on a 12’ Compass Motor Skiff, also designed by Chase Small Craft. AHB is also collaborating with Journey House and a group of teenagers who are building their first 12’ Bevin’s Skiff.
- ★ The RAFT teen participants also work on several products that are available for sale on their etsy page. Currently for sale are folding wooden “stick chairs” and a desktop set of three mini sailboats.
- ★ Volunteers have been restoring a 10’ cedar-strip canoe.
- ★ MKE Boats is working on the restoration of several “retro boats” in the lower level of the Boatworks Shop.

On Display

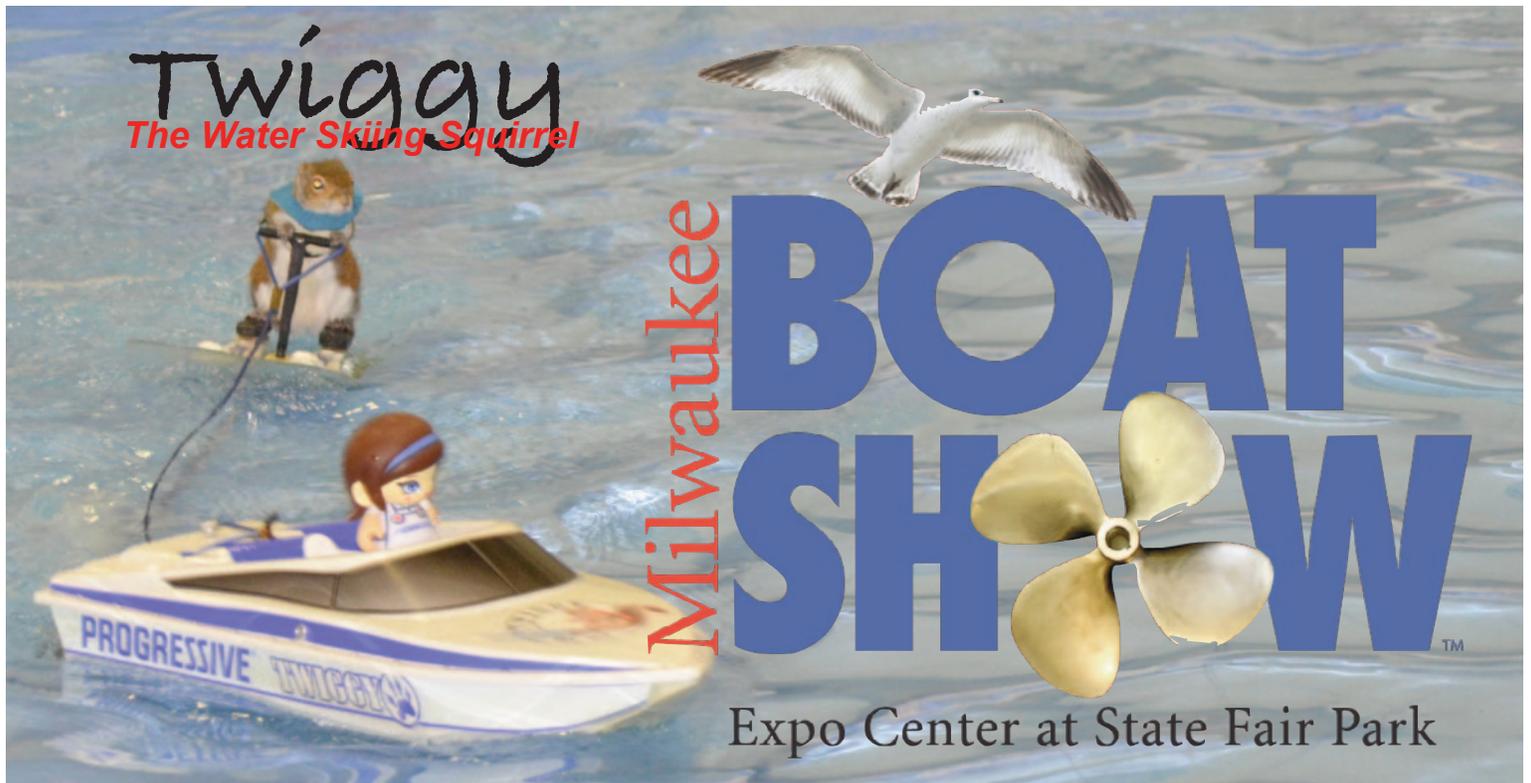

- The **THOMAS HAYDON**, a 22’ St. Ayles Rowing Skiff, launched just last summer.
- The **PATRIOT**, a 14’ sailing/rowing skiff, built by local Veterans.

Recent Construction Donation

- ★ AHB has received a donation of a Glen-L Zip, a 14’4” outboard plywood runabout. The boat has been completely framed out by the donor who did an excellent job. We would love to talk with our Glacier Lakes Chapter brothers and sisters about collaborative effort to finish the boat with our more advanced students.

A SPECIAL THANK YOU to **John Baumann** for making show reservation arrangements with **Henri Boucher** of **SHOWSPAN**, and making calls to get boats and made more calls and sent emails to get volunteers and organizing the entire event. **John Baumann** has been coordinating this effort since 2008...15 years. John got 9 beautiful boats and gathered 30+ volunteers to do setup, take down and work the booth for the nine day run. Considering the pandemic issues, John made this the best event yet to start the vintage boating season. Thank You! John Baumann.

Now a special thank you to our volunteers. Before Wednesday setup, **Bob Stoltz** and **Gary Rechcygl** went to the storage building and loaded up their trucks with show display items to take to the show for the Wednesday setup. Now for some volunteer stand outs! **Jeff Allen** brought his 1930 Chris Craft. Because of some varnishing work still in progress, Jeff had to put brightwork back on the boat. Some screws were missing...don't tell anyone. During the show, **Jeff** had rotator cuff surgery. **Jeff and Linda** showed up to volunteer before his surgery on Thursday. Jeff could have easily said, "I can't bring my boat-I have a date with a surgeon" **Jeff** showed up on Sunday take down...in a shoulder sling. Thank you **Jeff**.

CONTINUED ON PAGE 8

Now another member who went beyond the call of duty. **Mark Asbury** brought his 1948 Correct Craft from Green Bay. That's 2 hours and 122 miles one way. Mark volunteered at the booth many days during the show.

We can't forget Mr. **Rennpferd!** **Eddie Rennpferd**, since 2017 has been working The January Boat Show everyday it has been open. Again, many of the Glacier Lake members showed up to volunteer multiple shifts and multiple days.

A special Thank You to **Henri Boucher** and **Showspan's** support of the chapter as a year long sponsor, and giving the **The Glacier Lakes Chapter Chapter** complimentary booth space.

A special thank you to **Jeff Spence** of **Mod-U-Dock Piers** for putting up a walkway at the show for visitors to see the larger boats on display.

Then, there is **Bill Nimke** of **ALL HANDS BOATWORKS**. Thank you to **Bill** and his crew for his display, adding to the spectacular presentation.

TOY BOATS and POSTER SALES

There were 175 boats left over from the 2020 Pewaukee Boat Show. Little kids showed up in droves to get a free boat. January organizers have an idea to make a couple of bucks in 2023 by giving toy boats away. Posters also went flying off the shelves. Chapter members sold \$392.00 worth of merchandise.
